HBO Introduces Two New Series

Start off the new year with two bright new treats from HBO. Every week, you can look forward to *Fraggle Rock*, a musical fantasy series created by Muppet master Jim Henson! With original songs and amusing adventures. Exclusively on HBO, *Fraggle Rock* brings you quality entertainment for the entire family. Also making its debut this month is HBO's first original comedy series, *Not Necessarily the News* ... a nonstop blast of sketches, send-ups and clever film clips! This monthly show covers the laugh angle behind the headlines, lampooning everything from presidents to precedents. Leaders and losers, celebrities and fads are parodied and put down. *Not Necessarily the News* is good news for HBO subscribers. It's fast-paced, it's irreverent, and it's very, very funny. Yes, two new series, only on Home Box Office.
